

ASIA QUALITY FOCUS

OUR MISSION

To secure your imports !

AQF is your partner for quality control in Asia.

We provide retailers & importers with a complete range of inspections & audits starting at 298 USD all inclusive.

For us, reliability is job #1!

What we offer

Quality Control Solutions

Inspection Services

- Pre Production Inspection
- First Article Inspection
- During Production Inspection
- Pre Shipment Inspection
- Container Loading Supervision
- Defect Sorting Service
- Production Monitoring
- Platform Inspections

Factory Audits/ Supplier Assessments

- Simple Factory Audit
- Extensive Factory Audit (ISO 9000)
- Corporate Social Audit (SA 8000)

Laboratory Testing

At a pan-Asia level, AQF can select an accredited lab, help negotiate pricing and coordinate the product testing on behalf of the client. This includes confirmation of which certificates and testing methods are required for the client's target market.

Who we are

A Western-managed, Asia-based inspection company

Our Company

Some Asian-based service providers try to do a little bit of everything and end up not doing any one thing particularly well. At AQF, we focus **exclusively on quality control** since 2007 (audits, inspections and testing) and nothing else.

Our Team

Our people are selected for their **technical expertise and experience**, their ability to combine local cultural sensibility with Western educational background and methodologies. But first of all, they are selected for their **loyalty and integrity**.

Our Expertise

AQF is **expert in quality control** services for consumer goods. Our teams are divided in 4 departments: **soft goods** (textile, fabric), **hard goods** (furniture, toys, gift, ceramic etc), **electronic & electrical products** and **luxury products**. We gather years of experience.

Our Edge

AQF staff carefully digest the product specifications and create a **comprehensive inspection checklist** appropriate for that specific client. We send immediate and accurate feedback. Initial report sent to clients the moment the inspection is complete.
